Textbook

Broverman, S., ACTEX Study Manual for the SOA Exam C and CAS Exam 4, 2007/2008 Edition, Volume One.

This course will only cover the second part of the manual: Model Estimation. All the 16 sections will be covered.

The study manual consists of two volumes and is available at ACTEX Publications (<http://www.actexamdriver.com/>) for USD195. The second volume is for ACT466.

Term Test and Final Exam

There will be ONE term test and a final exam. The term test will be held on February 25 from 2-4pm and it accounts for 40% of the final mark. The final exam will be held during the faculty exam period and it accounts for 60% of the final mark. There will be no homework but I will assign some practice problems from the Study Manual every two weeks. They will be posted at my website.

Should you be forced to miss a term test, you are required by faculty regulations to submit, within one week, appropriate documentation from the U of T Health Services to me or to the Departmental Office SS6018 (Print on it your NAME, STUDENT NUMBER, course number, and date.). **And you must contact me to arrange a time within one week for an individual oral makeup test or your mark for the test will be zero.**

The classes on the following dates will be rescheduled later:

Jan 21 (one hour class from 2-3pm), Feb 2 and 4, April 6 and 8.
